

60 mm Boreway

60 mm Boreway

60 mm Boreway is a high-speed, high-torque, high-performance floor grinding machine. It is designed for use on concrete, stone, and other hard surfaces. The machine is equipped with a 60 mm diameter grinding disc and a 60 mm diameter boreway. It is suitable for use in a variety of applications, including floor preparation, floor leveling, and floor polishing.
