

Descriptions:

10 Inch Diamond Grinding Plate With 20 Segments For Concrete Terrazzo Floor

Using **Diamond Grinding Plate** is the most efficient way to grind from marks and imperfections in concrete, as well as masonry, stone and other vonstruction materials.

Diamond Grinding Plate. This single row cup whell is designed for fast removal rates and long lifespan.

Specifications:

The following are normal specifications **Diamond Grinding Plate:**

Name:	Diamond Grinding Plate
Size:	20 Segments
Segments Grit:	16- 270#,etc
Segment Size:	40*10*10mm*20T
Diameter:	10 Inch (D250mm)
Surface Finishing:	Color Painting
Connection:	Quick Lock Connection

Machine:	General Grinding Machine
Segments Material:	Diamonds And Metal Powder
Bond Available:	Soft Bond, Medium Bond, Hard Bond
Process:	Cold Pressed Sintered, High-Frequency Welded

Specially designed tools are available for any standard application. We can Tailor your tools to your specific needs.

Product Details:

Diamond Grinding Plate:

[If you are interested in our products, you can click on me.](#)

Applications:

Diamond Grinding Plate. Granite, marble, concrete products, masonry material and all types of natural stone.

Grit To Choose:

Diamond Grinding Plate. Metal bond diamonds have high strength, excellent wear resistance, and a low friction coefficient.

Diamond Grinding Plate. Metal bond diamonds high grinding efficiency and low grinding force generates less heat in the grinding process.

1) Coarse grit: 16#,24#,25#,30# etc.

Could be used for un-even concrete floors , rough grinding preparation on floor or old floor renovation .

2)Medium grits: 36# , 50/60# , 60/80# etc.

Could be used for all kinds of concrete and terrazzo floors , grinding preparation on floor or old floor renovation.

3) Fine grits: 80/100# , 100/120# , 120/150# , 200# etc.

Could be used for all kinds of concrete and terrazzo floors , find grinding preparation on floor or old floor renovation before polishing.

Bond To Choose:

Choosing between soft, medium, and hard bonds.

1.Soft Bond (Yellow) - The metallic powder in the sintered segment wears away quickly releasing dull diamond crystals exposing new abrasive crystals to cut efficiently. Best used on hard surfaces.

2.Medium Bond (Red) - A metal bond strength right between that of soft and hard bonds.

3.Hard Bond (Black) - The bond of the metallic powder in the segment wears away slowly and prevents premature wear against soft, abrasive surfaces.

Advantages:

1. Diamond Grinding Plate Venting holes for fast, dry or wet grinding with long life.
2. Grinding segments with heat treated steel bodies which provide increases durability and wheel life.
3. The high diamond concentration provides for a faster cut rate while the high quality of the diamonds provides longer blade life.

Features:

1. Suitable for use on grinding on marble, tile, concrete, and rock.
2. Diamond Cup Wheel is ideal for beveling, smoothing and shaping.
3. Diamond Grinding Plate. Venting holes for fast, dry or wet grinding with long life.
4. Grinding segments with heat treated steel bodies which provide increases durability and grinding life.
5. The high diamond concentration provides for a faster cut rate while the high quality of the diamonds provides longer blade life.

About us:

Our service:

1. Low order quantity: It can meet the test order you need.
2. Fast delivery: We get great discounts from freight forwarders.
3. OEM Acceptable: We can produce according to your samples or drawings.
4. Good quality: We have a strict quality control system. Has a good reputation in the market.
5. Good service: We regard our customers as God with a high degree of professionalism and enthusiasm.

Description:

1. If we want to order your product, how do we know your quality?

Please test in a very small order and then you will know the quality. Now, so Many people in the world use Chinese products because of their high quality and high quality.

competitive price. We are a professional diamond tool manufacturer.
In any case, for more than 8 years, confirm the quality of our products, small test orders will be tested necessary.

Can you provide samples for free?

We do not provide free samples. Based on years of experience, we believe that people will get them.

By paying for samples, we will cherish and appreciate the more they get. We would have been

Be prepared to offer our potential customers a special discount for participating in the test. It is very important to provide feedback to us and we will be very grateful.

3. Does your company accept customization?

Of course, we accept it. Includes different colors, gravel, etc. We can also tag your own logo And the brand on the board. You want us to produce any new products for you, just send us your products.

Drawing or sample, we produce the same. We will not sell such products to others Only customers can get a license.

Please note:

1. Please provide items before purchase.
2. Please provide the model number before purchase.
3. Other specifications can be customized according to requirements.
