

Introduction:

Mainly used for stone floors, concrete floors, polished terrazzo floor renovation, it can also be used for granite, terrazzo and other stone leveling, coarse grinding, basic machining before polishing.

Using a combination of floor grinding head design higher than GM technology, longer life. Oblong strips

diamond grinding blocks evenly distributed so that the renovation process with high efficiency, grinding

and strong, easy to chipping, long life, etc., for a variety of large-scale use of imported grinding

machine, refurbished machines.

Feature:

1. The heat resistance and pressure resistance, long life;
2. Variety head grinding machine is especially suitable for rapid repair of concrete, floor surface;
3. Easy to use, fast, polished fast, stable quality, high working efficiency;

Specifications:

The follow are the normal specification of the squaring disc:

Product Name	Specification	Grits No.	Usage
Squaring Disc	Can be ordered by customers.	30# 50# 100# 200# 400#	Suitable for concrete rough grinding for removing the old surface paint, stains, bumps, etc

The above specification just a reference for clients. Other specification can be ordered by customers.
