

## Boreway Diamond Calibration Milling Wheel Stone Grinding Quartz Tools Roller Profile Roller For Manufacturers

### Advantage:

#### Diamond Calibration Quartz Wheel Stone Grinding Tools

1. Fast aggressive stock removal and thickness calibration;
2. High processing efficiency and long life for quartz stone calibration;

### Product Details:

#### Diamond Calibration Quartz Wheel Stone Grinding Tools

**boreway®**

**Applicable Machines:**

**Diamond Calibration Quartz Wheel Stone Grinding Tools** use for is designed to calibrate or remove stock on quartz stone surface to get fixed thickness and prepare for next grinding and polishing steps.

Surface calibration is the first step in quartz stone polishing and it is fundamental important

in the quartz stone processing and usually the calibration are done on both the top and bottom of the slab. It helps eliminate defects formed during moulding.

Currently three designs of segmented calibrating discs are common in use, segmented cylindrical rollers, spiral cylindrical rollers and continuous rim calibrating rollers available as per different machines with same connection size and design.

**Specification:**

**Diamond Calibration Quartz Wheel Stone Grinding Tools** for engineered stone, quartz or other allomerated stone.

the innovative product and tools high quality to make customers process more efficient for different engineered stone.

calibration roller heads: entering calibration, high removal calibration , calibration , pre-finishing, finishing etc wheel as well as the diamond fickert .

Wet use only with sufficient water, Fast & Easy grinding, long life, perfect performance.

The normal size of **Diamond Calibration Quartz Wheel Stone Grinding Tools:**

Model	Grit	Thickness(mm)	Hole Size(mm)	Diameter(mm)
-------	------	---------------	---------------	--------------

BW-DMW-01	24#	60	70	190
	36#	60	70	190
	46#	60	70	190
BW-DMW-02	36#	60	120	200
	46#	60	120	200
	60#	60	120	200

Specially designed tools are available for any standard application.  
 We can customize tools as per your exact needs.

**Delivery:**

Less than 45kg,generally delivery by express(Door to Door).

By Air / Sea for batch goods, Airport / Port receiving.

**About Us:**

## Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

## FAQ:

### **1.How could we know the quality, if we want to order your products?**

Please just test them with a very small order, then you will know the quality. At present,so m any people in the world to use Chinese products, because of the high quality and most compe titive prices. We are professional manufacturer in supplying diamond tools for more than 8 ye ars. Anyway, confirming our products quality, a small trial order for testing will be necessary.

## 2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

## 3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.
