

Introduction:

Diamond segmented zero tolerance grinding wheel fast, stable balance of zero vibration, the main role is removed before polishing granitemarbleAnd other hard stone excess part, to prepare for subsequent polishing.

Feature:

1. Shape precision, good grinding effect, long pot life;
2. The high grinding efficiency, for different grinding objects, using different binding agent;
3. We can manufacture according to customer's needs shape specifications;

specification:

This is specification of our Diamond segmented zero tolerance grinding wheel :
