

introduction:

This Laser welding diamond dry drill pipe for drilling concrete is suitable for concrete, brick, stone and ceramics and other materials, for desktop or handheld drilling machine drilling machine.

Features:

1. Laser welding, high strength
2. The opening unique chip good
3. High-quality segment, long life

Specifications:

The following are the specifications of Laser welding diamond dry drill pipe for drilling concrete:

product name	Product Code	Diameter / mm	Segment thickness / mm	Segment height / mm	Segment length / mm	Inner hole
Laser welding dry use core drill bit	LWDB-52	52	3.5	10	350	M22
	LWDB-63	63	3.5	10	350	M22
	LWDB-76	76	3.5	10	350	M22
	LWDB-89	89	3.5	10	350	M22
	LWDB-102	102	3.5	10	350	M22
	LWDB-108	108	3.5	10	350	M22
