### Medium Comma Finishing Bush Hammer Roller For Marble And Stone Floor

**Medium Comma Bush Hammer Roller.** Our 4 Carbide Line Medium Comma Finishing bush hammer roller adopted the sophisticated welding technology and selecting high quality aluminum alloy to casting, bush hammerer's grit can be changed through the adjustment of spring elasticity on bush hammer, manual grinding machine press.

**Medium Comma Bush Hammer Roller.** Both enlarging spring's interval to reduce spring elasticity and reducing machine's press can enhance bush hammer vibration to make bush hammered face rough. Widely used on granite, marble sandstone to make rough surface.

## Specifications:

The following are normal specifications **Medium Comma Finishing Bush Hammer Roller For Marble And Stone Floor :**

No. of line:	4pcs
Size:	45MM
Technology:	Brazing
Type:	Abrasive Block

Material:	Diamond And Steel Base
Rotation Speed:	4.000 Giri/min Max
Machine:	Automatic Grinding Machine
Application:	Making Comma Finishing On Stones

Specially designed tools are available for any standard application. We can Tailor your tools to your specific needs.

#### **Advantages:**

1. With long life.
2. Fast cutting speed.
3. More smooth running.
4. Convenient operation.
5. Very easy cutting without swinging.

6. High productivity, even face thicker blocks.
7. Grind diverse stones into rough surface with high precision.
8. Specially used on granite, marble sandstone to make rough surface.

## Features:

1. Easily Replaceable Cutters.
2. Create non-slip surfaces on concrete and pavers.
3. Make removal of coatings from concrete and asphalt easy.
4. Texture or profile surfaces to speed up initial cut on exposed concrete polished floors.
5. Remove traffic lines from bitumen and concrete and other surfaces with ease and speed without excessive damage to the surface.

## Applications:

1. To create anti-slip surfaces.
2. For floor preparation before laying new coatings.
3. To remove old glue and resin coatings, in particular thick resins.
4. To expose the aggregate in concrete floors to prepare for concrete polishing.
5. To use as a scarifying machine with the advantage that it is aggressive but gentle enough not to "dig" uncontrollably into the floor surface.

## About Us:

## **Our Service:**

1. Low order quantity: It can meet the test order you need.
2. Fast delivery: We get great discounts from freight forwarders.
3. OEM acceptable: We can produce according to your samples or drawings.
4. Good quality: We have a strict quality control system. Has a good reputation in the market.
5. Good service: We regard our customers as God with a high degree of professionalism and enthusiasm.

## **Description:**

1. If we want to order your product, how do we know your quality?

Please test in a very small order and then you will know the quality. Now, so many people in the world use Chinese products because of their high quality and high quality, competitive price. We are a professional diamond tool manufacturer. In any case, for more than 8 years, confirm the quality of our products, small test orders will be tested necessary.

## 2. Can you provide samples for free?

We do not provide free samples. Based on years of experience, we believe that people will get them.

By paying for samples, we will cherish and appreciate the more they get. We would have been

be prepared to offer our potential customers a special discount for participating in the test. It is very important to provide feedback to us and we will be very grateful.

## 3. Does your company accept customization?

Of course, we accept it. Includes different colors, gravel, etc. We can also tag your own logo and the brand on the board. You want us to produce any new products for you, just send us your products.

Drawing or sample, we produce the same. We will not sell such products to others only customers can get a license.

### Please Note:

1. Please provide items before purchase.
2. Please provide the model number before purchase.
3. Other specifications can be customized according to requirements.
