

Metal Bond Diamond Fickert Type Block Concrete Granite Marble grinding Tools Polishing Pads For Manufacturer

Feature:

Metal Bond Diamond Fickert Type Block

1. The Fickert Is Applied To Grinding/Polishing Granite Slabs
2. To Complete The Line, Fickert Magnesite, Resin And Polishing Abrasives For Granite Slabs Are All Available

Model	Girt
BW-DF-M140	36#/46#/60#/80#/100#/120#/140#/180#/240#/320#
BW-DF-M170	36#/46#/60#/80#/100#/120#/140#/180#/240#/320#

Diamond Fickert / Abrasives for Granite Polishing Tools dhjuagsesiagned for high performance machines of granite and machines with a head.

Suitable for grinding and polishing the surface of various of stones slab in automatic machines.

With the feature of good polishing efficiency and very long using life in grinding stone slabs.

After polishing the quality of the polished tiles is the highest quality and even better than conventional shoes when the granite is porous.

Metal Bond Diamond Fickert Type Block

1. Electricity saving: its sharpness can reduce the stress of grinding head, thereby reduce machine's abrasion.
2. High efficiency: its super high sharpness can improve transmission speed of convey belt and improve the production efficiency.
3. High glossiness: it can bring 10 degree more in stone high glossiness. Also its homogenization reduce the possibility for stone surface stroke and glossiness instability.
4. High Quality: High Technology, Computerized Production Equipment And Strict Quality Control Guarantee Our High Quality Product Supply, High Cost-Efficiency Ratio.

About Us:

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most compe

titive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.
