

Introduction:

125mm welding diamond cup wheel is made from professional quality diamonds. Cutting objects: Stone grinding, asphalt grinding, ceramic grinding and so on. Vibration-free designs greatly reduce operator fatigue, more productive than conventional abrasives. It is applied on angle grinder and pneumatic power tools.

Feature:

1. For dry grinding and wet grinding
2. Double row segment, more smooth chip removal
3. Professional quality, efficient grinding and very long working life

Specification:

Specification of professional 125mm welding diamond cup wheel for concrete:

Name	Bore	Grit	Diameter	Applicable
125mm welding diamond cup wheel for concrete	22.23mm	30#,50#,100#	5inch	For grinding construction material, concrete

The above specifications for reference, other's specification can be ordered by customers.
