Application:

Ready Lock Metal Bond Diamond Grinding Pad Application of all types of concrete and terrazzo floors before polishing, preparation for fine grinding on floors or renovation of old floors. Suitable for general (concrete, stone) grinding use, while mostly they are used for paint, glue, epoxy removal and floor coating, high quality and high efficiency, long lifespan.

Husqvarna Redi Lock Blank

Scanmaskin Blank

pay attention:

1.Special logo, section size and shape, installation are available according to customer request.

2.Choose one or two segments to control cut speed and aggression.

Double-segment diamonds are designed for heavy machines;

We recommend using single-section diamonds for the first stage with heavy machines for rapid opening of concrete

3.Diamond grinding disc for concrete floor for grinding machine can paint colors according to customer requirements.

Benefit:

- 1) Lasts longer than competing products and won't shine
- 2) Surprising results on most types of concrete from soft to very hard
- 3) Combination of superior diamonds and a highly durable and unique matrix
- 4) Removes stock quickly and efficiently to reduce its product and labor costs
