

**Introduction:**

Resin filled diamond zero tolerance grinding wheel fast, stable balance of zero vibration, the main role is to remove the excess before polishing granite and other hard stone, resin filling zero tolerance of the grinding wheel is small rebound, to minimize chipping,ApplicableinPneumatic grinder,Portable MillWait.

**Feature:**

1. Shape precision, good grinding effect, long pot life;
2. The high grinding efficiency, for different grinding objects, using different binding agent;
3. Factory direct, affordable, comprehensive and low cost;
4. We can manufacture according to customer's needs shape specifications;

**specification:**

Below is our Resin filled diamond zero tolerance grinding wheel of General Specifications:

Product name	diameter	Segment height	Screw thread
Resin filling Diamond Zero tolerance Grinding wheel	2Inch(50mm) 3Inch(75mm) 4Inch(100mm)	35mm 45mm	M14 M16 5/8 "-11 1/2-G

Other special specifications can be customized according to requirements.
