

Product Description

D200x4Tx45S [Wholesales Bush Hammer Rollers](#) for sandblasting process,use for Grinding Concrete,Asphalt Pavement,Marble, Granite,Sandstone.

Bush-hammering marble and granite bush hammering is a process that gives a finish to stone, marble, travertine, granite and concrete surfaces.

The surface treatment of grinding plate has sand blasting and electroplating effects, and the electroplating surface will be brighter, and the reflection is obvious; The sand blasting effect will be darker, and the reflective effect is not strong.

Anti-slip is mainly required for safety. The bush hammering is applied on reinforced concrete and on prefabricated concrete panels for exposed works to give the product an aesthetic appearance.

Feature:

- 1.Safety and skid resistance, increasing friction.
- 2.It is easy to install and replace the grinding wheel.
- 3.Widely used on granite, marble sandstone to make rough surface.
- 4.We are a factory manufacturer and can choose a variety of rotary Bush hammer tools.

Product Specification:

The Following Are Normal Specifications **Rotary Bush Hammer Plate For Sandblasting Process:**

Diameter	Roller No.	Layer Number	Segment NO.	Effect
200MM (8 Inch)	4 Pcs	Double layer	45 Teeth	Grinding Rough Surface

The above specifications is only for reference, other specifications may be available as per customer's demand.

More Normal Specification Of Rotary Bush Hammer Roller:

Model	Out Diameter	Wheel Width	Segment Quantity	Segment Diameter	Remark
-------	--------------	-------------	------------------	------------------	--------

BW-BH35045	14	350	9	45
BW-BH35030			12	30

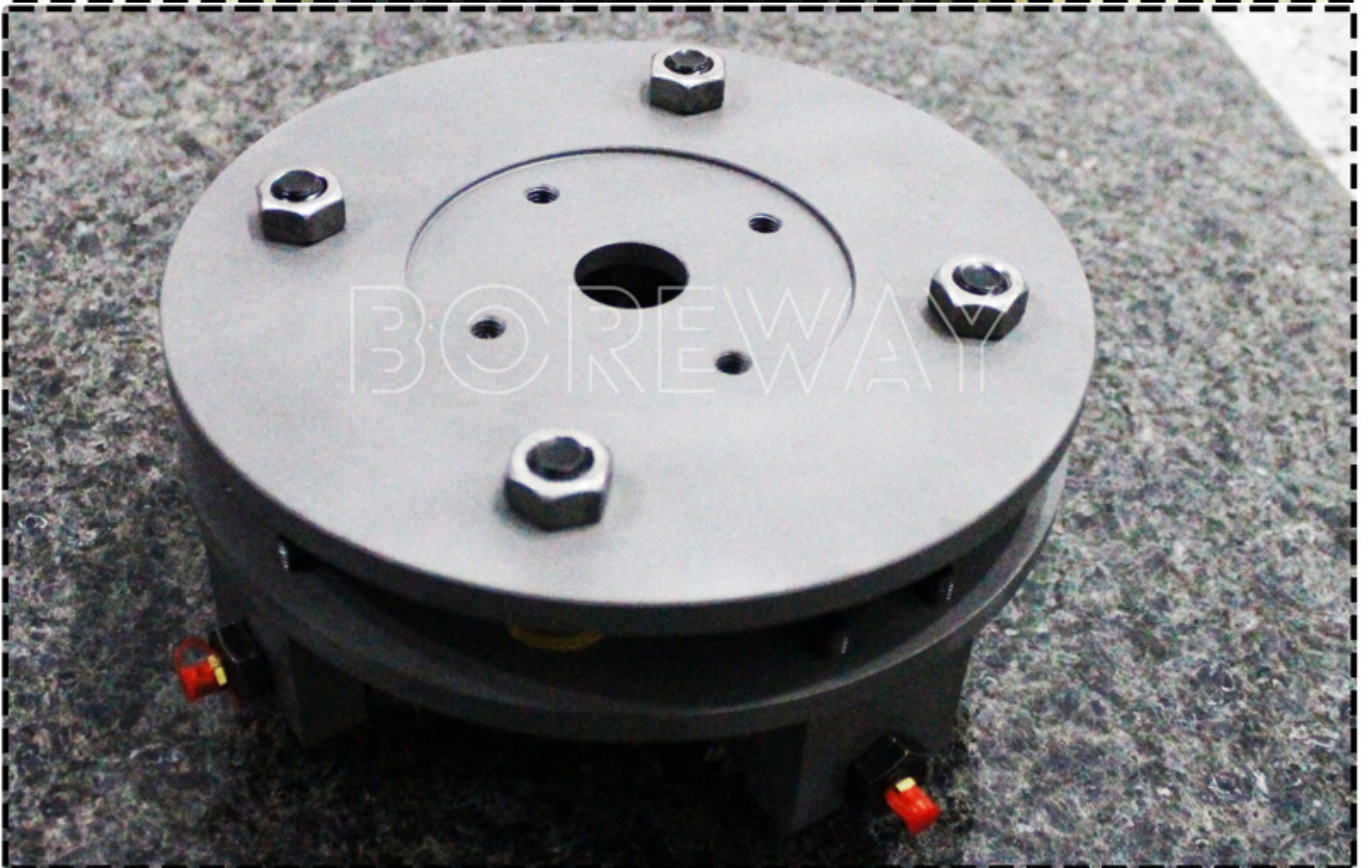

Can customize the size of other rotary bush hammers roller as required.

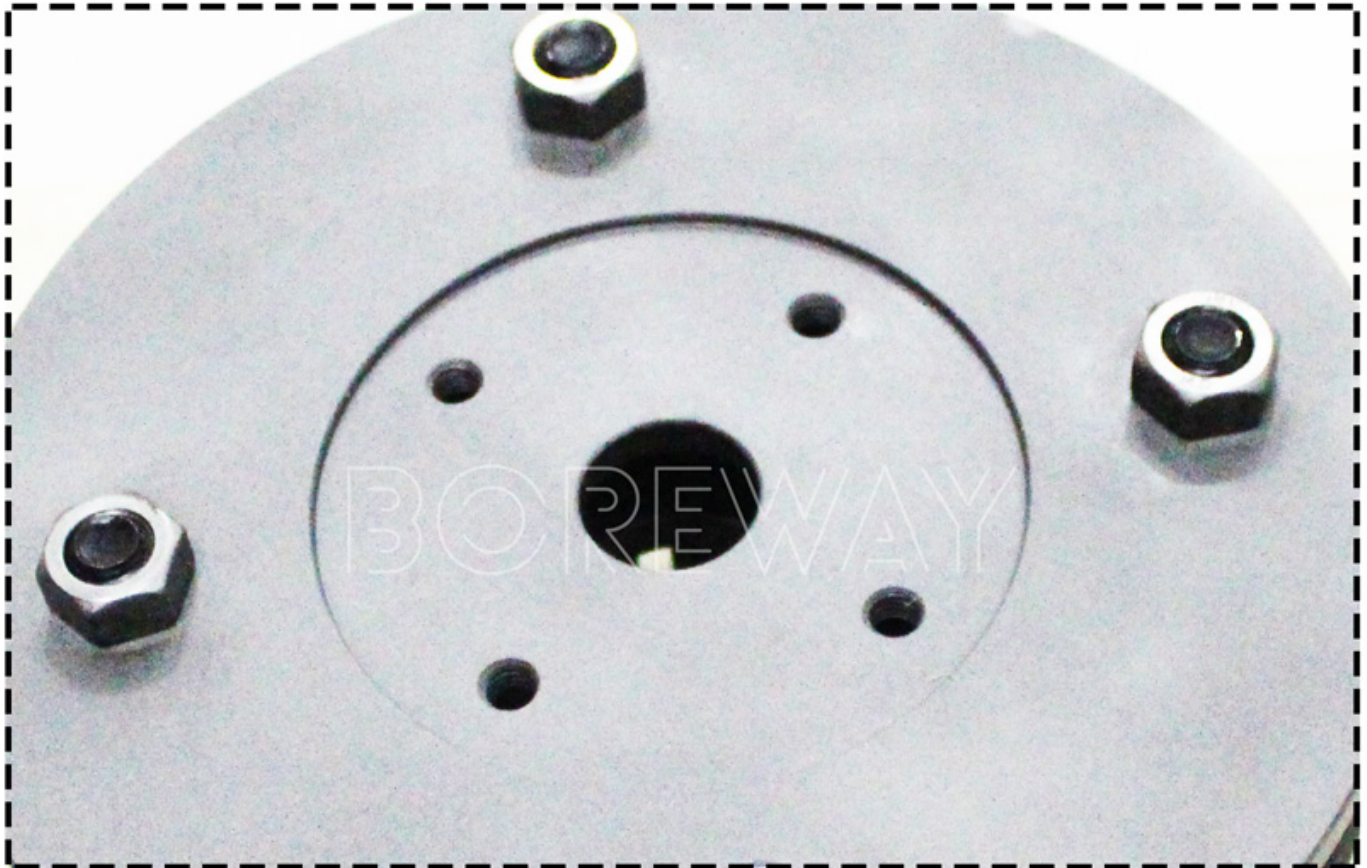

Product show

200mm Double Layer Rotary Bush Hammer Plate With Spring For Sandblasting Process

Application:

[Double Layer Bush Hammer Grinding Plate For Manufacturer](#) for grinding concrete, asphalt pavement, marble, granite, Stone.

Bush hammer nozzle supplier china can create litchi surface, bush hammer plate for sandblasting surface.

Marble

Granite

Quartz

Sandstone

Limestone

Concrete Floor

Asphalt Pavement

FAQ

1. Are you a trading company or a diamond tool manufacturer?

We are a diamond tool manufacturer, Nanan Boreway Co., Ltd. is a professional and experienced diamond tool manufacturer in China.

We have a relative product price advantage, maintain controllable product quality, high quality and stability of diamond raw materials.

2. Are you professional?

All of our company's products are diamond tools or related machinery products. They are highly professional and have maintained their pre-industry level. We are more professional and can help you find the ideal ideal for your market (dealer) or project (end user). Diamond tools.

3. Will the company reduce cost and quality for price?

To reduce other unnecessary costs.

To find good agents for lower shipping fees.

To find the right suppliers of product materials.

It will never reduce the quality of the product. We can optimize the product process and take

some measures to protect the quality of the product.
