

**Introduction:****Thin Wall Diamond Coring Drill Cutter For Reinforced Concrete**

are suitable for stand drilling machine,electrical hand-held drillers to drill concrete,

masonry,brick etc. The flowing of water keeps the drill bit cool and provide fast removal of drilling debris.

**Features:**

- 1.Applicable for most stand drilling machines,hand-held drillers.
- 2.Good balance and stable performance.

**Specifications:**

The followings are the normal specifications of our **Thin Wall Diamond Coring Drill Cutter For Reinforced Concrete** :

| Product Name | Diameter | Segment Size | Segment No. | Length | Applications |
|--------------|----------|--------------|-------------|--------|--------------|
|              |          |              |             |        |              |

|   |              |           |    |                   |                              |
|---|--------------|-----------|----|-------------------|------------------------------|
| Wet<br>Construction<br>Diamond<br>Core<br>Drill Bit | 7/8"(22mm)   | 12x3.0x10 | 3  | Can be customized | Concrete<br>Brick<br>Masonry |
