

Introduction:

T-shaped segmented saw blades are used on manual hand held cutting machines for cutting marble, granite, ceramic tile, concrete and other general construction materials.

Features:

1. Universal dry or wet cutting blade.
2. Sintered teeth offer fast and smooth cutting, high performance.
3. Unique design of segments can protect steel core and provide extremely fast cutting.

Specifications:

The followings are the normal specifications of our T-shaped segmented saw blades:

Product Name	Outer Diameter		Segment Width		Arbor	Segment Height	Applications
T-shaped segmented saw blade	inches	mm	inches	mm	mm	mm	Marble Granite Porcelain Concrete
	4"	105	0.070"	2.0	16/20	8mm	
	5"	127	0.080"	2.2	22.23	8mm	
	7"	178	0.095"	2.4	25.4/50	8mm	
	9"	229	0.110"	2.8		8mm	

The above specifications are for reference, other specifications can be ordered by customers.
