

### Product Description:

The **vacuum brazed bush hammer roller with support**, is used to create a sandblasting effect on the stone. This u shaped **rotary bush hammer roller** is usually used for 125mm bush hammer plate and hand grinder.

This Type of vacuum brazed bush hammer roller is used sophisticated welding technology and selecting high quality aluminum alloy to casting.

Compared with the traditional bush hammer roller, our new **vacuum brazed bush hammer roller** has a more beautiful appearance. We also provide a separate bracketless grinding wheel, which can be replaced at any time, saving freight and time costs. Each blank steel roller can be reused several times. It is environment-friendly and also saves the product cost.

### Feature:

1. **Bush hammer roller with u support**, can be installed on 125mm bush hammer plate.
2. You can choose different different rotary bush hammer roller, to get different finishes effect.
3. The high quality of the diamonds and other components(like bearing, grease, etc.) ensures its high performance.

### Product Specification:

The Followings Are The Normal Specifications Of Our **Vacuum Brazed Bush Hammer Roller With Support**:

|                          |   |
|--------------------------|---|
| <b>Roller Diameter</b>   | 43mm  |
| <b>Roller Width</b>      | 22mm  |
| <b>Support Shape</b>     | U Shape                                       |
| Brand                    | Boreway                                       |
| Segment Type             | Vacuum Brazed                                 |
| <b>Application</b>       | 125MM Rotary Bush Hammer Plate                |
| <b>Grinding Material</b> | For Marble Sandstone And Soft Stone           |
| Name                     | Vacuum Brazed Bush Hammer Roller With Support |

Other bush hammered finish tool specifications can be customized as required.

**Application:**

U shaped rotary bush hammer roller for marble sandstone and soft stone.

Bush hammer bit for hand grinder.a separate bush hammer roller can be provided, 30 teeth,vacuum brazed bush hammer roller.

**Kindly Noted, When Place Order Please Inform The Following:**

- 1.Stone Effect□Sandblasted Surface/Litchi Surface□
2. Use Object (Marble, Granite Or Other Stone, Concrete And Other Stone)

3. Segment No.(30s, 45s, 60s, 72s, 99s, Star, Steel Dense Tooth, Vacuum Brazing)

4. Diameter of the Bush hammer plate(125mm, 150mm, 200mm, 250mm, 300mm, 350mm, etc.)

5. Base Style(U Shape, Frankfurt, Fickert, Lavina, Husqvarna, HTC, Klindex, Werkmaster, Diamatic, Etc.)

6. Machines (Hand Held Grinders, Automatic Bush Hammering Machine, Automatic Grinding Machine, Angle Grinder, And Floor Grinders)

## FAQ

### 1. Will the teeth of the bush hammer roller fall off?

of course not, We use high-strength flux to weld the carbide tip to the grinding wheel. The

grinding wheel is sturdy and durable, with a long life, and the tip is not easy to fall off.

## 2. When you can reply to me when I send you an Inquiry?

We promise to reply within 6 hours( including holidays) on receipt of your inquiry.

## 3. Is there cheap shipping cost to import to our country?

For small order, Express will be the best, And for bulk order, sea ship way is best but take longer time. For urgent orders, we suggest via air to airport or by Express send to your door.
