

Production Description:

Introduction

These diamond drill bits are usually used for stone, concrete, tile and masonry etc. The diamond drill bits are used on CNC machine and portable drill machine, each center has a water hole drill is conducive to chip and cooling, and thus has a long service life.

Features:

1. Applicable to a variety of handheld drill machine or CNC machine tools.
2. Using high-quality diamonds and high-speed steel pressing and sintering, can withstand high speed drilling.
3. The diamond protrusion uniform, sharp, high drilling efficiency.

Advantage

Our products export to Brazil, India, Australia, USA, Ukraine, Italy, Poland, Russia , more than 20 different countries . In these overseas markets, our diamond drill bits enjoy a good reputation, we get good feedbacks about their corresponding test result, and also a long lifespan. so, we are confident in our products quality.

All of our products have been strictly tested before access to market.

Other specification can be ordered by client.

Other specifications can be customized according to requirements.

Packing

We will deliver within seven days of your payment, diamond drill bits are packed in cartons.

We can also pack the drill bits according to your requirements.

Special diamond drill bits delivery through consultation.
