

Production Description:

Introduction

Advanced laser cutting machining can effectively avoid cracks caused in machining process, improve the machining precision of geometric dimension, which guarantee the production precision of high-grade saw blade .

Advantage

Our products export to Brazil, India, Australia, USA, Ukraine, Italy, Poland, Russia , more than 20 different countries . In these overseas markets, our products enjoy a good reputation, we get good feedbacks about their corresponding test result, and also a long lifespan. so, we are confident in our products quality.

All of our products have been strictly tested before access to market.

Other specifications can be customized according to requirements.

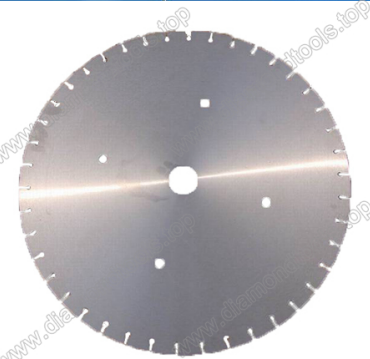

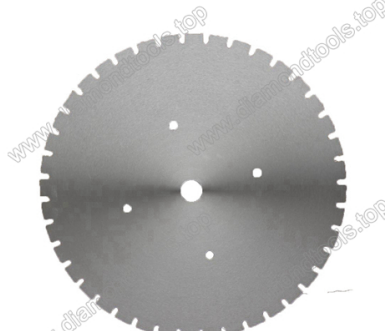

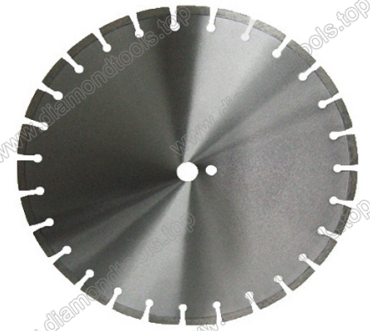

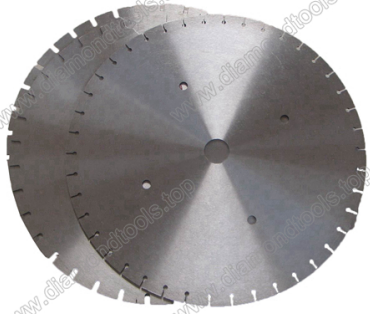

Detailed Images:

Diamond saw blade matrix

The following shows only part of the product , other products can be customized according to your needs .

If you do not see the product you want , please contact us for more product images .

Other specifications can be customized according to requirements.

Packing

We will deliver within seven days of your payment, diamond saw blade matrix are packed in cartons.

We can also pack the diamond saw matrix according to your requirements.

Special specifications through consultation delivery.
