

Introduction:

4inch Copper polishing pad that will substantially last longer than any resin bonded diamond pads on the market. Although they are copper bond polishing pads and 3mm thick, they are still very flexible for bullnose, radius, and bowl use. Application for wet polishing granite, marble, glass and other special-sharp stone of corner.

Suitable for the grinding process of the curved or polygon surface.

Advantage:

- 1) Excellent service
- 2) Bright clear light and never fade
- 3) High gloss finishes in very short time
- 4) Beautiful package and fast delivery
- 5) Competitive price and superior quality
- 6) Different granularities and sizes as requested
- 7) Never mark the stone and burns the surface of the stone.
