

RediLock

1.1

2.2

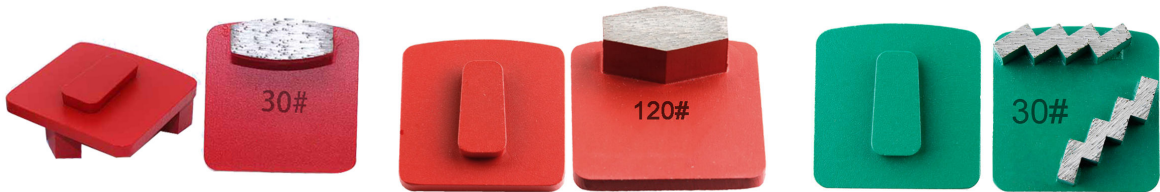

RediLock is a series of diamond tools designed for cutting and grinding various types of concrete, from extra hard to extra soft. The tools are color-coded and marked with their respective bond types for easy identification.

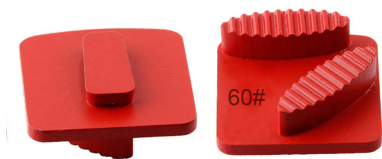

RediLock tools are available in various sizes and shapes to suit different applications. The bond type is determined by the hardness of the material being cut, with softer bonds for harder materials and harder bonds for softer materials.

RediLock tools are compatible with a wide range of machinery, including hand-held grinders and large-scale cutting equipment.

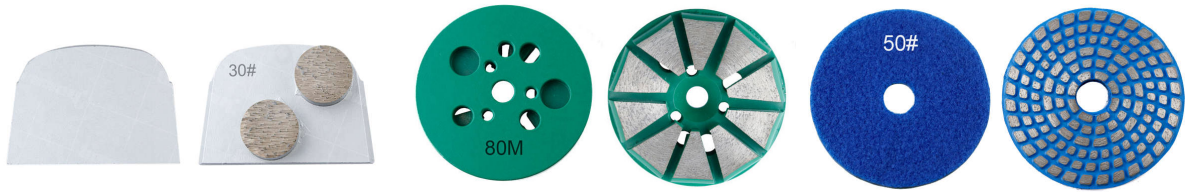

RediLock tools are compatible with Husqvarna, Husqvarna, Werkmaster, Lavina, Sti, Htc, Blastrac, Scanmaskin, Klindex, and Edco Grinders.
