

# Boreway Sandblasting Litchi Surface Stone Marble Granite Head Wheel Abrasive Tools For Angle Grinder And Automatic Grinding Machine

## Advantage:

### Sandblasting Diamond Grinding Stone Concrete Roller

1. Durable metal and diamond compound.
2. Competitive price and superior quality.
3. Effective for grinding natural stones and concrete to get bush hammer effect.
4. Different granularities and sizes as requested for the diamond roller.

## Introduction:

**Sandblasting Diamond Grinding Stone Concrete Roller** is used sophisticated welding technology and selecting high quality aluminum alloy to casting, bush hammered's grit can be changed through the adjustment of spring elasticity on bush hammer, manual grinding machine press. Both enlarging spring's interval to reduce spring elasticity and reducing machine's press can enhance bush hammer vibration to make bush hammered face rough. Widely used on granite, marble sandstone to make rough surface.

Bush hammer plates and roller is a construction tool used for texturizing and renew concrete. Floor bush hammer plates can adapt to several kinds of grinder, from simple hand-held hammers to large electric machines, but the basic function of the regular bush hammer is always the same - 30pcs/45pcs/60pcs of conical or pyramidal carbide tips welded at the top of a large metal plate. The repeated hit of these carbide tips into stone or concrete surface creates a rough, pockmarked texture that looks like naturally weathered rock.

Bush hammer plates for concrete can help to increase bonding effectiveness when applying new concrete to an existing concrete surface by increasing the surface area of the bonding zone.

## Specifications:

The followings are the normal specifications of our **Sandblasting Diamond Grinding Stone Concrete Roller**:

Type	Usage	Material	Application	Machine
Abrasive Roller	Bush Hammer For Polishing	Diamond+Steel Base	Granite, Marble Sandstone Concrete,etc.	Angle Grinder and Automatic Grinding Machine

The above specifications are for reference, other specifications can be ordered by customers.

## Feature:

## Sandblasting Diamond Grinding Stone Concrete Roller

### 1. Easily Replaceable Cutters.

2. Create non-slip surfaces on concrete and pavers.
3. Make removal of coatings from concrete and asphalt easy.
4. Texture or profile surfaces to speed up initial cut on exposed concrete polished floors.
5. Remove traffic lines from bitumen and concrete and other surfaces with ease and speed without excessive damage to the surface.

### Product Details:

**Sandblasting Diamond Grinding Stone Concrete Roller** adopted the sophisticated welding technology and selecting high quality aluminum alloy to casting,

**boreway**<sup>®</sup>

Multi Point  
Bush Hammer Roller

**Applications:**

**Sandblasting Diamond Grinding Stone Concrete Roller** specially used on granite, marble, sandstone, concrete etc to make rough surface.

**Marble**

**Sandstone**

**Granite**

**Concrete**

Features of our bush hammer roller:

1. Fixed on the hold plate of the polishing machine as a polishing tool.
2. The dispositionof the rollers and their special insert give medium comma finish.
3. Easy installation and use.
4. Oppotunity to work on thin or defective slabs.
5. Uniform finish over the whole slab surface.
6. High production and new finishes with minimum investment.

#### **Applications Machine:**

**Sandblasting Diamond Grinding Stone Concrete Roller** is angle grinder and automatic grinding machine

Manual Tools

Automatic grinding machine

**Installation effect:**

**Other Products:**

If you want more details of bush hammer, please contact us.

## Packing □ Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door□)
- 4.When tools are in large quantities, they are packing in wooden cases

### Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

### FAQ:

#### **1.How could we know the quality, if we want to order your products?**

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

#### **2.Can you offer free samples?**

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

### 3. Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

#### Kindly Notice:

1. Please provide the material before purchase.
2. Before purchase, please provide the model of the machine.
3. Other specifications can be customized according to requirements.
