Concrete and Stone Frankfurt Bush

Hammer Tools for Floor Grinder

Bush hammer tool can be used with floor machines or powerful grinders for bush hammering of marble floors and surfaces. The Roughness of the bush hammered surface can be adjusted with our bush hammer through adjustment of spring elasticity on the bush hammer, or through the pressure of the manual grinding machine. Loosening spring elasticity or less pressure with increase the roughness of hammering result and tightening the springs or increase machine pressure will reduce roughness to give the bush hammered surface a finer look.
