

Introduction:

The high efficiency concrete diamond copper polishing pads are designed for fast stock removal on Granite, Marble, Concrete, Engineered Stone. They are still very flexible for bullnose, radius, and bowl use. These Copper Diamond Polishing Pads can be used wet. Use the 30, 50, 100, 200 grit to shape and start the polishing process. They will seamlessly switch over to the standard 400 grit polishing pads to finish the polish.

Feature:

1. Wet use only
2. Velcro backed
3. Maximum speed: 4500 RPM
4. Best use granite marble and concrete

Specification:

Specification of High Efficiency concrete diamond Copper polishing pads

Material	Diameter	Thickness	Grit	Quality class	Applicable	Holder
Diamond&metal	100/125mm	3mm	50# 100# 200# 400#	Premium Standard Economical	Natural stone Artificial stone Concretes Ceramics	Velcro

Other thickness and diameter can be customized according to need.
