

Product Description

Type: Polishing Block

Length: 140MM, 170MM

Attachment: Aluminum Base

Grit No.: 36# 40# 50# 60# 70# 80# 100# 120# 170# 230# 270# 320# 400#

Diamond Metal Fickert Grinding Block Wholesales , other names are diamond grinding block, diamond abrasive tools, metal bonded fickert, which are suitable for grinding and polishing the surface of various stone slabs with automatic machinery, like grinding granite, and other stones.

With the feature of very good grinding & polishing efficiency, smooth, very long using life compared with resin bonded diamond grinding heads or magnesite abrasives tools.

Feature:

1. Different formulas of segment will be offered according to the hardness of granite slabs.
2. Using high quality diamond powder ensures both great sharpness and long life.
3. Compared with traditional magnesite fickert abrasive, it is more cost-effective and environmental friendly.

Product Specification:

The followings are the normal specifications of our diamond metal fickert grinding block:

Metal Bond Diamond Fickert Wholesales

Model	Grit No.
BW-DF-M140	36#/46#/60#/80#/100#/120#/140#/180#/240#/320#
BW-DF-M170	36#/46#/60#/80#/100#/120#/140#/180#/240#/320#

The above specifications are for reference, other specifications can be ordered by customers:

Diamond Fickert Block 140/170

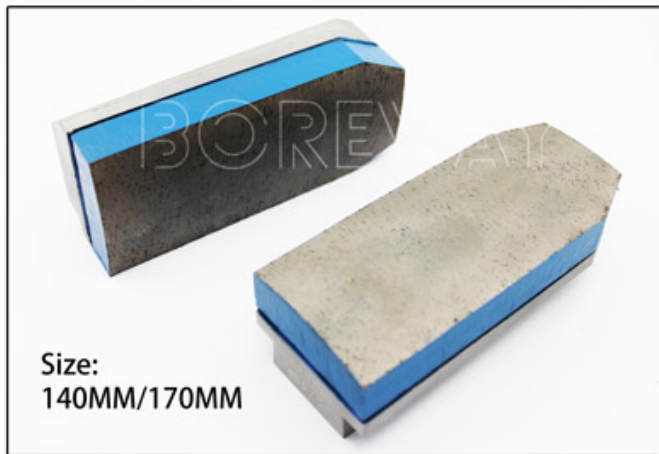

Granite

Artificial Quartz

Product show

Application:

Diamond metal fickert grinding block is one of the granite polishing abrasive that made from high quality diamond powder which can be used for coarse grinding of granite slabs on automatic or semi-automatic polishing lines.

Metal fickert grinding block is suitable for continuous polishing line instead of ordinary grinding block for rough grinding and middle grinding of granite, artificial quartz slab and other stones.

FAQ

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing.

It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Logistics:

Sample order ship by DHL, UPS, FedEx, TNT, EMS etc

For mass order delivery, can be optional with terms of Exwork, FOB, CNF, CIF by air or by sea based on the buyer's forwarder or ours
